Topic - Structure of Indian Economy (Introduction)

● Introduction :-

Indian Economy is a mixed economy. In the economy, included three sectors 1. Public sector 2. Private sector 3. Co-operative sector. Basically two types of economy in the world 1) Capitalist economy 2) Socialist economy. But our economy is made by three sectors which is mentioned below.

Indian economy is agriculture intensive economy structure of Indian economy is as given below.

- ① Primary sector (Agriculture sector)
- ② Secondary sector (Industry sector)
- ③ Third sector (Service sector)

Out of the above mentioned three sectors, primary sector (Agriculture sector) is most important sector for India because more than 60% people are depends on agriculture sector. This is today's picture so we call our economy is agriculture intensive economy.

● Classification of Sectors of Indian Economy -

Sectors of Indian Economy
